President/Chairperson  
[Name of the Nursing Council]  
[Address]  
[City, Country]

Dear [President/Chairperson],

I hope this letter finds you well. On behalf of the Caribbean Nurses Organization (CNO), I am writing to cordially invite you and your esteemed Council members to a very timely and important webinar on Digital Transformation using the Professional Council Management System (PCMS) for Nursing Councils in the Caribbean. The webinar will be held on Wednesday, September 25, 2024, from 6:00 PM to 7:30 PM (Bahamas Time).

The world is rapidly evolving, and digital transformation has become a necessity for organizations to remain efficient, transparent, and accessible. Nursing Councils, being at the forefront of maintaining the standards of the profession, can greatly benefit from adopting digital solutions that enhance service delivery, streamline operations, and support nurses in their professional development.

During this webinar, we will present how the Professional Council Management System (PCMS) can be the cornerstone of this transformation for Nursing Councils in the Caribbean. PCMS is designed to automate key processes such as online licensure examination, professional registration, renewal of professional license card, accreditation of continuing professional development (CPD) providers and CPD course and much more. It provides a platform that ensures 24/7 accessibility for nurses, enabling them to efficiently manage their credentials and professional growth, while also allowing councils to maintain regulatory oversight with ease and accuracy.

A live demonstration of PCMS will be presented, showcasing its capabilities and how it can be readily implemented by your council for immediate use. This system is fully equipped to meet the needs of both the Council and the nurses, offering a streamlined and transparent approach to managing nursing licensure and continuing education.

We believe this webinar will provide invaluable insights into how digital transformation can greatly benefit your Council and the nursing community you serve. We look forward to your participation and engagement in this important event. Please click the link to register:
